Profile

A dedicated and professional Principal Physiotherapist based in private practice established in 1991 with clinics in Ormskirk, Rodney Street in Liverpool and St Helens. Excellent delivery of an empathic client centric service combined with the ability to work closely with other health care professionals to assess patient needs and devise suitable treatment plans. Able to communicate effectively and sensitively with patients to maximise their rehabilitation, ensuring their understanding of complex clinical issues affecting recovery. Committed to ongoing development of musculoskeletal physiotherapy skills, enabling the provision of a professional, evidence based musculoskeletal service. Highly motivated and confident with exceptional multi-tasking and organisational skills.

Career Summary

Principal Physiotherapist

Ormskirk Physiotherapy Centre

1990 - Present

Established in 1990, Ormskirk Physiotherapy Centre is an independent service providing specialised musculoskeletal physiotherapy. In partnership with a fellow physiotherapist, the service provision has expanded over the years to include a wide ranging private and public sector client base including provision of an Occupational Health physiotherapy service for Thomson Airways and Procter and Gamble.

- Provide a Occupational and Sports Injury physiotherapy service as Principal Physiotherapist with direct responsibility for the Practice Manager and Administrator. Oversee the day to day running of the business, trouble shooting, staff supervision, HR issues, payroll and PAYE and facilities management
- Initiate and develop business opportunities, develop contacts, arrange meetings, present/amend proposals. Set clear business objectives and investigate alternative revenue streams such as in-house physiotherapy services
- Control of the full recruitment cycle including preparation of job description, advert, short list, interview preparation/delivery and final selection decision
- Reconciliation of weekly accounts plus monitor day to day turnover. Submission of accounts to accountant in conjunction with Practice Manager
- Conduct contractual renegotiations and proactively monitor performance through client feedback
- Completion of assessment forms, initial/interim/discharge reports and preparation of medico-legal reports
- Creation of policies and procedures relating to client confidentiality, complaints procedures, the provision of supporting documents for clients, agency referral lists and health and safety
- Monitor and renew all insurances – buildings and personal professional insurance. Handle data protection registrar and ensure all clinical staff undertake DBS
- Lecture to pre and post graduate students with extensive experience lecturing on musculoskeletal subjects, including presenting Anatomy at Edge Hill University
- Provide Manual Handling Training for the Mersey Docks and Harbour Company and local Nursing homes
- Deliver In-House physiotherapy services for Fund Holding General Practitioners, St Helens South Primary Care Trust and St Helens and Knowsley Primary Care Group
- Provision of a Triage and Assessment Service for West Lancashire Health Authority and telephone Triage Service for a local Medical Agency from January 2012

Key Achievements

- Initially identified a need for a private physiotherapy service in the Ormskirk area and instrumental in guiding the centre into its specialised field of musculoskeletal physiotherapy. Helped develop the centre and in 1996 expand it to Rodney Street in Liverpool and St Helens, Merseyside in 1997
- Instrumental in successfully submitting the tender for the triage service within the NHS and the latest in-house occupational health musculoskeletal service established in 2012
- Proposed and implemented an appointment reminder service via SMS resulting in a 90% reduction in clients failing to attend

Qualifications and Professional Memberships

Member of the Chartered Society of Physiotherapy for 29 years - membership number: 41757
Registered with the Health Professions Council – registration number: 31091
Member of the Association of Chartered Physiotherapists in Occupational Health
Member of the Manipulation Association of Chartered Physiotherapists for 22 years
Member of the Medico-Legal Association of Chartered Physiotherapists.

Gained membership in 1990 of the Musculoskeletal Association of Chartered Physiotherapists after successful completion of a 2 year post-graduate course. The Association is a group of over 1100 physiotherapists, who are members of the Chartered Society of Physiotherapy and whose knowledge and practical skills ensures that they are able to provide an excellent standard of care in examination, treatment and management of people with musculoskeletal problems.

Continual Professional Development

Since 1983 I have attended numerous courses, which have enabled me to develop my musculoskeletal examination and treatment techniques. These include treatment concepts by Dr James Cyriax, Mr Geoffrey Maitland, Mr Robin McKenzie, Mr David Butler, Mr Brian Edwards and Mr Brian Mulligan.

IT Skills

Microsoft Office – Word, Excel, PowerPoint, Outlook and Explorer
Private Practice Software - PPS – dedicated physiotherapy practice management software
Physiotools – a programme providing printed exercise programmes tailored to clients individual requirements

Responsibility for the maintenance of the main server and the 4 terminals that are connected to it – all the software updates/virus scanning & hardware problems

Personal Interests

My main interests are music, theatre and motorcycling (In 2012 I rode across America on Route 66). I am an Advanced Tutor with RoADAR Merseyside and teach advanced motorcycling. I was Tutor of the Year in 2012. I hold a Driving Standards Agency (DSA) recognised qualification and I am on the Register of Post-test Motorcycle Trainers (RPMT), which enables me to instruct on the Enhanced Rider Scheme.
